

Graphic Designer (Independent Contractor)

Bay Area, California & Surrounding Areas | vascularcures.org

The Opportunity

Vascular Cures is actively seeking a graphic designer to support our small team as we expand our organizational impact. At Vascular Cures, we believe that quality design helps communicate vital information to help accomplish our goal of preventing death and disability from vascular disease.

About Vascular Cures

Vascular Cures is the only national nonprofit representing the tens of millions of people with vascular diseases outside the heart, a leading cause of death and disability. These include pulmonary embolisms, stroke, aneurysms, vascular dementia and peripheral artery disease (PAD) among others. We are committed to transforming vascular health by being the catalyst for collaborations that accelerate new solutions. Whether the topic is medical research, technology or new models for healthcare, our focus is on innovation through programs that put patients first, and empowering people in their vascular health journey.

Detailed Project Description

Function: Design materials on a project-based basis, including newsletters and educational materials

Preferred Contractor Location: Monterey County, CA or Santa Clara County, CA with opportunity to work from home
